PROFESSIONAL SUMMARY

Full Stack .NET Core Developer with over 2+ years of experience in designing, developing, and maintaining scalable web applications using ASP.NET Core MVC, Web API, Angular, and React. Strong expertise in SQL Server, PostgreSQL, and MySQL, with a proven ability to optimize performance and ensure high code quality. Experienced in blockchain-based applications, CI/CD pipelines, and Agile development practices. Passionate about continuous learning and emerging technologies.

WORK EXPERIENCE

Junior Software Engineer – Plasma Softech Pvt Ltd

Noida, UP | July 2025 – Present

- Working as a Full Stack Developer using .NET Core Web API and MySQL for backend development and Angular for frontend implementation.
- Collaborating with cross-functional teams to deliver scalable and maintainable enterprise applications.
- Ensuring clean code practices through code reviews and adherence to coding standards.

Project: C2M – AT&T Devices

- Developed and enhanced the Manage Template Module using Angular and .NET Core APIs.
- Integrated Figma designs at a global level to ensure consistent UI/UX across multiple screens.
- Contributed to performance improvements and long-term maintainability.

Software Engineer – MCN Solutions Pvt Ltd

Noida, UP | August 2025 – July 2023

- Designed and developed enterprise-grade web applications using ASP.NET Core MVC and RESTful Web APIs.
- Worked extensively with SQL Server and PostgreSQL, optimizing database queries and improving application performance.
- Collaborated in Agile/Scrum environments including sprint planning, reviews, and daily stand-ups.
- Adapted quickly to evolving project requirements across multiple technology stacks.

Projects

- **C# Corner – Events Platform:** Developed and enhanced event creation, management, and user registration features using ASP.NET Core.
- **EZFastMedicalCard:** Built a healthcare platform using .NET Core MVC and SQL Server with third-party API integrations, used by 4+ teams
- **MAPay Credentialing:** Implemented a healthcare blockchain portal using .NET Core Web API, Blazor Server, and PostgreSQL.
- **MPAYZ Web Wallet:** Migrated blockchain integration from Algorand to Avalanche using Django and PostgreSQL.

Software Trainee – MCN Solutions Pvt Ltd

Noida, UP | March 2023 – August 2023

- Gained hands-on experience in C# and Rust programming languages.
- Worked with blockchain technologies including NEAR Protocol, Avalanche, and Solana.
- Participated in real-world blockchain projects and Agile workflows.

SKILLS & TOOLS

- **Web Technologies:** ASP.NET Core, ASP.NET Core Web API, MVC, Angular, React, Blazor, HTML5, CSS3, JavaScript
- **Programming Languages:** C#, Rust
- **Databases:** SQL Server, PostgreSQL, MySQL
- **DevOps & Tools:** Git, GitHub, Jira, VS Code, Docker, Azure DevOps, Azure Functions
- **Generative AI Tools:** Copilot, Cursor, Claude, ChatGPT, DeepSeek, n8n, V0 (Vercel)

PROFESSIONAL STRENGTHS

- Strong team collaboration and communication skills.
- Creative problem-solving and analytical mindset.
- Excellent debugging and troubleshooting abilities.
- Leadership mindset with strong ownership.

EDUCATION

Master of Computer Application (MCA)

Chhatrapati Shahu Ji Maharaj University, Kanpur, UP
June 2023

Bachelor of Computer Application (BCA)

Chhatrapati Shahu Ji Maharaj University, Kanpur, UP
June 2021
